Annex

Letter dated 29 April 1994 from the President of the Republic of Bosnia and Herzegovina addressed to the President of the Security Council

The Tuzla airport, located in a "safe area" as declared by the Security Council in its resolution 824 (1993), is still not open for flights despite the fact that all preparations have been made.

The airport remains unused because of Serbian threats to and artillery attacks against the airport, and because UNPROFOR is willing to accept this situation.

This situation leaves hundreds of thousands of civilians in the region lacking the most basic foods and medicines.

I kindly request you to undertake those measures within your capacity without delay to open the airport.

(Signed) Alija IZETBEGOVIĆ
President
